FRONT-END DEVELOPER

Creative Front-End Developer with a strong foundation in HTML, CSS, JavaScript, and React. Skilled in building clean, user-friendly interfaces and bringing designs to life. Passionate about learning modern web technologies and delivering visually appealing, functional web solutions.

TECHNICAL SKILLS

Languages	:	Python,Javascript
Web Tech	:	HTML,CSS,React
Databases	:	MySQL
Dev Tools	:	Visual Studio Code, Git

EXPERIENCE

Programming in Python   June 2023 – July 2023
YHills

- Attended online training sessions on Python fundamentals and project structuring.
- Learned and applied best practices in software development.

EDUCATION

Pillai HOC College Of Engineering and Technology   Khalapur, Raigad
B.E in Computer Engineering   Nov 2022 – July 2025

Government Polytechnic Vikramgad   Vikramgadh, Palghar
Diploma in Computer Engineering   June 2019 – Aug 2022

PROJECTS

Lung Health Insights: Predictive Modeling of Pulmonary Disease

- Developed a deep learning-based system for detecting lung diseases like COVID-19, Tuberculosis, and Pneumonia using chest X-ray images.
- Implemented VGG16 CNN architecture to classify lung conditions with high accuracy.
- Designed a user-friendly interface for medical practitioners to upload and analyze X-ray images.

Travel WebApp

- Designed interactive and visually appealing UI components with HTML, CSS, and JavaScript
- Integrated responsive layouts and optimized performance for smooth user experience
- Deployed the application using Vercel for easy access and sharing.

CERTIFICATIONS

- YHill: Programming in Python
- Udemy: The Complete 2024 Web Development Bootcamp
- Cisco: Introduction to Cybersecurity
- Cisco: Networking Basics
